MICES 2017 - 2024

Migration from a commercial search engine to open source

Accountability and ownership of search

Dedicated search teams

Measuring search quality

Processes for active search management

Search engineering vs data science

Search product development

Search team maturity growth and scaling

Search and customer experience

Let's build our own futures at the times of AI

And MICES 2025?

And MICES 2025?

We seem to be in a time of transition - but we don't know yet where exactly we are going.

It's a pathless journey.

Our understanding of the problems and solutions is constantly reshaping.

Unique Forms of Continuity in Space, Bronze by Umberto Boccioni (1913 / ca. 1934). MoMa.

And MICES 2025?

We seem to be in a time of transition - but we don't know yet where exactly we are going.

As a community we can learn from each other and explore the new opportunities together.

Unique Forms of Continuity in Space, Bronze by Umberto Boccioni (1913 / ca. 1934). MoMa.
